

March 8, 2017

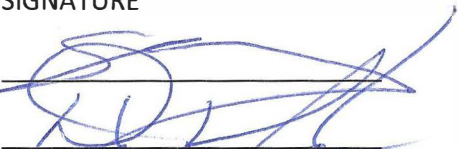

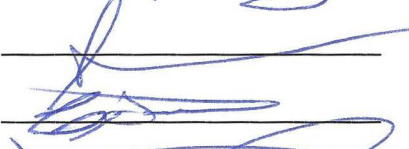

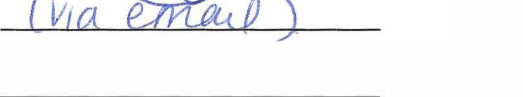

By signing below, I am indicating my support for the new Quinte Home Builders Association (QHBA) promotional fee.

The details of the fee are as follows:

- I understand that this fee is \$200 per new residential unit.
- The fee will be split between the builder and the developer.
- The fee will be collected through the lawyer at the time of closing of lot and/or home and transacted to QHBA
- Effective on closings on or after April 1, 2017

QHBA will receive the amounts to spend on marketing, promotion and administration in order to increase resident attraction to the region for population growth.

This initiative will be reported on annually as part of the QHBA Annual General Meeting (AGM) and also incorporated into QHBA by-laws.
